Message from our Landscape Director

A BIG THANK YOU to the
person that took the initiative
and cleaned up the median
that someone drove over at
Cedar Canyon and George
Rd. I had just planted new
bushes and rearranged the
rocks. A truck drove over it
making a big mess of the
rocks and landscaping. I
went to try and work a little
bit on it when, to my surprise
(and relief), someone had
already taken care of it and
did a wonderful job. So a
**BIG THANK YOU TO THE
THOUGHTFUL
NEIGHBOR** who cleaned it
up, they did a wonderful job
and we all appreciate it very
much!!

New Sprinkler Sys- tem Installed

I'm sure that many of
you have noticed all the
hard work that has been
going on at our rec area.
We had the Neighbor-
hood Clean-Up at the
beginning of March
which resulted in some
beautiful plants being
planted (and many
weeds being pulled!).
We also had a sprinkler
system installed just
this past week. This
system has a two-fold
purpose: it will help us
to conserve water and it
will also help us to
maintain the appear-
ance of the park.

Theater Party Fundraiser

Our theater party
fundraiser is a big
success with all 30
tickets sold!

Note from HOA President

It appears that winter is
over in South Texas and
spring clean-up is the order
of the day. The grass is
growing back and, with a
little fertilizer help, should
green up nicely. Unfortu-
nately, it also appears that
so many of our lawns are
overgrown with weeds and
badly in need of attention.
So try your best and lets
get Castle Hills Forest
looking great again. It's
what keeps property values
up and makes this a desir-
able place to live.

HOA Membership Drive is Underway!

As we speak, valiant HOA members are out canvassing
the neighborhood in search of new HOA members.
Jimmy Ruthven, our Membership Director, led a meet-
ing in our neighborhood park two weeks ago. He
passed out supplies and the volunteers were able to
choose the street(s) that they wished to canvass. If you
are interested in helping, we sure would appreciate it!

ven@satx.rr.com or our Communications Director at
